Goals

Purpose

The primary objective of this operations manual is to furnish comprehensive guidance to all pilots and staff members of United Virtual Airlines (UVA). It delineates the operational procedures, standards, and expectations within which UVA functions, ensuring clarity and consistency in all activities.

Scope

This manual has been ratified under the authority of the Chief Executive Officer of United Virtual Airlines. It is imperative that all pilots, staff, and administrators of UVA adhere strictly to the protocols and regulations presented within. Non-compliance with these directives may lead to corrective measures, which could include penalties or, in severe cases, termination of affiliation with the airline.

Mission Statement

United Virtual Airlines is steadfast in its commitment to offering a sophisticated and contemporary virtual aviation experience, characterized by a blend of relaxation and modernity, conducted with utmost responsibility and respect. Our mission is articulated with the goal of fostering the growth and prominence of flight simulation as a hobby and the virtual airline community as a whole. For a detailed exploration of our mission, please refer to the following link: United Virtual's Mission Statement.

This document serves as a cornerstone for operational excellence within United Virtual Airlines, guiding our collective efforts towards achieving a harmonious balance between a professionally structured virtual airline environment and a welcoming community for aviation enthusiasts.
